MB5B Tester Bag

TOOL BAG

The MB5B Tester Bag is an extra large and highly-configurable front accessed bag designed for a Multifunction Tester (MFT). Once the bag is loaded out, it can be worn over both shoulders using the included backpack straps, over a single shoulder using the optional padded shoulder strap (sold separately), or at your side with over-molded gripped handle. Finally, the bag features an additional 8 pockets on the front flap as well as a padded tablet computer pocket on the back.

- Rear padded tablet computer pocket: 11"(h) x 10" (h) x 1" (d)
- Detachable/optional backpack straps
- V-Swap™ removable component system - choose from several included or optional panels

Rugged materials & construction

Waterproof base: 3mm Injection molded Polypropylene.
Weatherproof body fabric: 950 and 1250 PVC Impregnated denier fabric. **Weatherproof tool pocket fabric:** 1800 PVC Impregnated denier fabric. **Quick release metal hasp:** Easy access to rear storage bay and creates positive shoulder strap load connection. **Handle:** Injection molded nylon plastic with over-molded rubber grip. **YKK® Zips:** Double stitched, heavy duty plastic coil zips with oversized zip tabs. **Press studs:** 6 zinc, marine grade. **D-Rings:** Powder coated steel. **Rivets:** Gun metal/marine grade rivets. **Stitching:** Industrial strength double nylon stitching.
